## Summary

Dynamic MSc student specializing in Applied AI, with extensive experience in DeFi as a Product Director. Proven track record of driving growth and achieving milestones, now poised to leverage my skills and expertise to innovate within the technology sector.

## Work Experience

### WowDAO

Remote

AMBASSADOR

Apr. 2023 - Sep. 2023

- Spearheaded impactful initiatives, fostering engagement and relationships within the AI enthusiasts community.
- Orchestrated a global hackathon, attracting over 1,700 contestants worldwide. Collaborated with AI experts from leading tech giants, such as Google, Microsoft, and JP Morgan Chase, serving as judges and mentors, resulting in a successful event that propelled tech advancements.

### The Crypto Illuminati (Media Arm of M6 Labs)

Remote

INTERN

March. 2023 - Jul. 2023

- Remained abreast of the latest industry trends, news, and emerging technologies in the Web3 field.
- Conducted comprehensive research on EigenLayer within the Restaking vertical in the Web3 space. Initiated the research in 2022, contributing pivotal insights before the protocol surged to a valuation of over 10 billion USD in 2024 – Reference: [Oxtungdx](#).

### KAIDEX

Onsite

PRODUCT DIRECTOR

Jun. 2022 - Sep. 2022

- Identified and capitalized on Web3 opportunities to develop a product roadmap, resulting in reaching an all-time high TVL of 50 million USD on the KardiaChain network – Reference: [DeFiLLama](#).
- Took charge of spearheading the project's development to ensure a successful launch, resulting in a staggering 1000% increase in users and a remarkable 6000% surge in transactions within the first month.
- Secured over 500,000 USD in funding via strategic partnerships with prominent venture capital firms in the Web3 space, including DoraHacks, AlphaCoin Fund, Digital Finance Group, Axia8, Consensus Labs, and NGC Fund.
- Contributed to the overall success of the project by consistently meeting deadlines and surpassing performance targets, earning recognition from industry experts.

### KardiaChain

Onsite

BUSINESS DEVELOPMENT SPECIALIST

Apr. 2021 - Jun. 2022

- Directed and led the strategic efforts to secure exchange listings for KardiaChain tokens with market caps ranging from 300 million USD to 7 billion USD.
- Successfully negotiated and secured the listing of \$KAI token on tier 1 exchanges worldwide, including Bitfinex, Indodax, and Bitbns, resulting in a significant increase in daily trading volume to 20 million USD.
